TRAFFIC AT STANDSTILL

Columbus Airport Bureau Records Reading of One Below Zero

Circleville thermometers early Thursday reached three degrees above zero, the lowest temperature of the Winter.

Starting from a low of 15 degrees Wednesday morning, the temperature reached only 20 during the afternoon despite a bright sun. Fair weather was predicted for late Thursday with warmer temperatures Friday or Saturday. Streets and highways are icy. Highway department employes again warned motorists to use caution. They reported traffic was unusually light due to weather

No accidents were reported to the police or sheriff's departments.

DOCTOR MAY BE CALLED

Solons to Demand Details Financing National Unit

WASHINGTON, Feb. 23-An administration offensive against the Townsend and kindred old-age pension plans developed today with indications that a bitter showdown battle will be waged in the present session of congress.

With the Townsend organization assailing the Social Security program as "inadequate," administration leaders sought to refute the arguments being made by the Townsendites in support of their The administration attack,

launched in the house where the ways and means committee is considering revision and expansion of the Social Security program, includes:

1. Assembling of a number of prominent economists to denounce both the Townsend and general welfare pension programs.

2. Tentative decision of most of the Democrats on the ways and means committee to force a rollcall vote on the issue in the house. 3. Effort of the committee to force Dr. Francis E. Townsend, oldage pension leader, to disclose intimate details of the financing of his national organization.

Economists Lined Up

Eight economists, said to have been carefully selected by administration leaders, were slated to attack the Townsend plan before the committee. Testimony of the first three economists was to be followed today by Dr. Harold G. Moulton, president of Brookings Institution; Dr. Wilford I. King of New York university and Dr. Albert G. Hart of the University of Chicago.

The line of attack on the Townsend plan, which is based on a two percent transactions tax and a maximum \$200 a month old-age pension for persons over 60, appeared to be designed to create a split among its supporters. Economists invited to testify by the administration were assailing the plan as one which would raise the cost of living, cut the income of younger people, destroy retail merchants and other small business-

DETROIT, Feb. 23-Resumption of work at the Plymouth division of the Chrysler Corporation began today although 300 pickets massed outside its gates booing and deriding workers who entered the plant.

There was no statement forthcoming concerning settlement of the dispute over exclusive bargaining rights between two United Automobile Workers union factions which yesterday closed the plants, throwing 23,500 employes out of work.

Plymouth officials said one of two assembly lines was working and the second was expected to begin operations shortly.

The Briggs plant also operated. One hundred and ten patrolmen and 30 mounted officers were stationed at the Plymouth plant.

There was no violence. Police arrested Raymond Tyson last night, charging he has At least two deputy sheriffs threatened several workers. Searched at police headquarters, police said he was carrying a

Solons to Demand Details About Financing National Unit

WASHINGTON, Feb. 23-An administration offensive against the Townsend and kindred old-age pension plans developed today with indications that a bitter showdown battle will be waged in the present session of congress. With the Townsend organization

assailing the Social Security program as "inadequate," administration leaders sought to refute the arguments being made by the Townsendites in support of their own plan. The administration attack,

launched in the house where the ways and means committee is considering revision and expansion of the Social Security program, in-

the Democrats on the ways and means committee to force a rollcall vote on the issue in the house. 3. Effort of the committee to force Dr. Francis E. Townsend, oldage pension leader, to disclose intimate details of the financing of his national organization.

Economists Lined Up

Eight economists, said to have been carefully selected by administration leaders, were slated to attack the Townsend plan before the committee. Testimony of the first three economists was to be followed today by Dr. Harold G. Moulton, president of Brookings Institution; Dr. Wilford I. King of New York university and Dr. Albert G. Hart of the University of Chicago.

The line of attack on the Townsend plan, which is based on a two percent transactions tax and a maximum \$200 a month old-age pension for persons over 60, appeared to be designed to create a split among its supporters. Economists invited to testify by the administration were assailing the plan as one which would raise the cost of living, cut the income of younger people, destroy retail merchants and other small business-

# HOW OLD SYOUR CAR?

It's only as old as it feels. Perhaps yours is getting just a bit gray around the crankcase and you don't expect any miracles from it. All right, we don't promise any miracles. But we do believe you will benefit by using a gasoline so dependable for coldweather driving that Standard Oil dares to guarantee starting. SOHIO X-70 is that gasoline. So no matter how old that car of yours is, it will pay you to use X-70 during the remaining days of winter.

### ROSE BAMPTON INITIATED

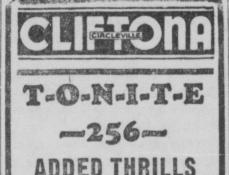

Rose Bampton, of the Metropolitan Opera, will be initiated into "The Circle" next Sunday, February 26 during the broadcast over the NBC red network at 10 p. m. Lawrence Tibbett, one of the charter members of the club, suggested to his fellow members that the Metropolitan's lovely soprano would be a fine addition to the roster. Miss Bampton, besides being one of the concert singers with the biggest box office draw, has a fine gift for comedy.

Groucho and Chico Marx, the Foursome and Robert Emmet Dolan's orchestra will be present for the initiation and also other members from "The Circle" list which includes Cary Grant, Carole Lom-'Shadows Over Shanghai' bard, and Basil Rathbone.

### JACK BENNY

Buck Benny rides again-this time under the alias of Jesse James. With his band of desperate thespians, Benny, who once terrorized Waukegan with catgut and horsehair, will present his version of the new technicolor horse opera during the broadcast over the NBC Red network on Sunday, February 26, at 7 p. m.

### and NEW GEAR-GRIP TREAD ... NEVER before in our experience has a tire met with such instant and unanimous approval as the new Firestone Champion Tire. It's the Safety Sensation of 1939! Our customers have

started a word-of-mouth campaign that is making this the biggest selling tire we've ever had. Motor car manufacturers have been so impressed by its superior performance that they have adopted it for their 1939 models:

Why? Because the Firestone Champion Tire is an entirely new achievement in safety engineering.

Stronger Cord Body. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design - it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop:

Drive in today and equip your car with a new set of Firestone Champion Tires - the only tires made that are safety-proved on the speedway for your protection on the highway.

### F. D. R.'S NAVAL MEASURE NEARS VOTE IN HOUSE

WASHINGTON, Feb. 23-Prescontroversial provision -an aviation program for Guam-in danger

to split with the administration on dent that the \$5,000,000 authorization to improve aviation facilities on the tiny Pacific outpost would be approved. Nevertheless, Majority Leader

Rayburn decided to take the floor to make a final appeal to the house to stand behind the President and reject an amendment offered by Rep. Sutphin, of New Jersey, one of the ranking Democrats on the house naval affairs committee, to strike the Guam item from the bill. The author of the measure and

chairman of the naval committee, Rep. Vinson (D) of Georgia, expressed belief that Sutphin's amendment would fail, but he conceded that a "close" vote was in prospect.

House Minority Leader Martin declined to predict the outcome, but like Vinson, foresaw a close vote. Martin estimated that an overwhelming majority of the G. O. P. membership would oppose the Guam provision, although he, too, made concessions. At least a dozen Republicans will probably vote with the administration, he said.

### Bezoar, Hair Ball, Puzzling Condition

like large words, I suggest "onycho-An onychophagist is a person who habitually bites his finger-nails. Some people also habitually swallow hair which they pull out of their own heads. Every once in a while a puzzled doctor comes in contact with what is known as bezoar, or hair ball, in the stomach, which is a mass of hair and finger-

This condition usually arises in people of subnormal mentality. A typical case was that of a servant girl, 15 years old, who complained of nausea and vomiting. There had been a rapid loss of weight and considerable weakness. She admitted that when she was a child she used to chew and swallow her hair; but

When her stomach was opened an immense, slimy, foul-smelling hair ball was found, which completely filled the stomach.

### Persimmon Seeds

Some foreign bodies are found in the stomach from eating persimmons. A typical case was that of a man 32 years old who had a sudden, severe cramp-like pain in the stomach. This went on for several days and then he began to vomit. A hard mass could be felt through the abdominal walls and at operation there was removed from the stomach a black, hard, oblong-shaped mass about the size of a fist. It con-

It seems difficult to believe that a mass could remain in the stomach for nine years, but that is the story which we have to accept.

### Diagnosis Overlooked

The diagnosis of these cases is almost always overlooked. This is natural because hardly anybody carries in mind the possibility of such a condition. Most of the patients are women of a somewhat substandard mentality.

Foreign bodies in the stomach cause serious complications sometimes and produce ulcerations in the tomach walls. They may even eat heir way clear through the stomach, resulting in perforation and peritonitis.

### Old Fashioned Tea Of Hedges Chapel Success

Gowns of Years Ago Worn By Hostesses

Gowns fashioned in the styles of long ago and music of the same period were features of the tea sponsored by the executive committee of Hedges Chapel, Wednesday, at the home of Mrs. Homer Reber of Walnut township. The spacious rooms of the old homestead, where members of the Reber family have lived for more than 105 years, made an appropriate setting for the unique affair.

Guests were greeted by Mrs. Hays Dill and Miss Anne Reber, dressed as George and Martha Washington. The beautiful gowns O. E. S., CHAPTER ROOM, worn by the members of the executive committee and several of those taking part in the program SCIOTO VALLEY GRANGE, were treasured relics of the days of their ancestors.

C. Anderson Rings Up 26 Points in Race for Individual Honor

Glitt's food market continued to lead the Circleville City league Thursday after a round of games Wednesday evening that saw some good basketball and a new scoring mark for the loop. Creighton Anderson, Purina Feed team's contender for individual honors in the league, took a long edge over all opponents when he tallied 27 points against the Stevenson furniture team.

Game scores were: Glitt's Food Market 38, Bach In-

Purina Feeds, 35 Stevenson's Wallace Bakery 25, Coca Cola

Eshelman Feeds 25, Caskey

Cleaners 17.

The Glitt outfit was not in trouble at any time, all members of the crew hitting the hoop with regularity to defeat the Bach outfit. Merle Justus, center, was high

point man with 19 counters. His Purina teammates passed up shot after shot to give Anderson a chance to reach his high total. The former Pickaway sharpshooter went far ahead of all opponents in the scoring race.

The Wallace Bakery attack was 1. Ray models and final account.
2. E. C. Shupe and Nellie Reedy.
Administrators of the Estate of William H. Shupe, deceased. First and final account.

C. Anderson Rings Up 26 Points in Race for Individual Honor

Glitt's food market continued to lead the Circleville City league Thursday after a round of games Wednesday evening that saw some good basketball and a new scoring mark for the loop. Creighton Anderson, Purina Feed team's contender for individual honors in the league, took a long edge over all opponents when he tallied 27 points against the Stevenson furniture team.

### Indiana, O. S. U. In Bitter Race

COLUMBUS, Feb. 23-With cessation of hostilities scheduled for March 6, the Big Ten basketball race today narrowed down to a nipand-tuck affair between Indiana and Ohio State with the Hoosiers having the pole position.

By winning its three remaining games, Indiana can win the pennant regardless of Ohio's fortune in its final three encounters. Indiana has lost one game while Ohio has dropped two.

The path to fame, however, promised to be a rocky one for the offensively strong Hoosiers. In order to preserve their record,

### Indiana, O. S. U. . In Bitter Race

COLUMBUS, Feb. 23-With cessation of hostilities scheduled for March 6, the Big Ten basketball race today narrowed down to a nipand-tuck affair between Indiana and Ohio State with the Hoosiers having the pole position.

By winning its three remaining games, Indiana can win the pennant regardless of Ohio's fortune in its final three encounters. Indiana has lost one game while Ohio has dropped two.

The path to fame, however, promised to be a rocky one for the offensively strong Hoosiers. In order to preserve their record, the black shirted lads must dispose, of Minnesota this Saturday night have a victory or two left in them. and then come back on Monday to | Illinois and Minnesota could not

### LINER KILLS WHALE

AUCKLAND, New Zealand-A 40-ft, whale was killed by a propellor of the Orient liner Orford tain data for Mr. Dowdy to be used while the vessel was steaming in a land planning report to be from Brisbane to Aukland. The liner was proceeding at 161/2 knots in a calm sea when two whales were sighted ahead. There avoided the liner but a third whale, apparently rising to the surface, came up under the Orford and was killed.
